## LOCAL OPTION WAR AT MALDEN

Three Deaths the result of Liquor Fight in Dunklin County

Malden, Mo., Feb. 19.—Dr. A. L. Brannon was shot and killed here about midnight as he was being removed from the police station to the Kennett jail. He was charged with having slain Attorney D. R. Cox and Dr. J. W. Beall in the former's office early last evening.

Following his arrest threats against his life became so strong that it was deemed unsafe for him to remain in the police station. As the officers started from the station several shots were fired and Brannon fell dead.

There is no clew to the assassin, although Deputy Sheriff Simms says he saw a man in the shadow of the building just as the shots were fired.

Attorney D. R. Cox and Dr. J. W. Beall were shot to death in the office of the latter while they were quietly chatting.

Both the victims were killed almost instantly, Dr. Beall being shot through the head and Mr. Cox through the heart. The two men, with a farmer named Davis, were sitting in the doctor's office, while Dr. Beall, father of Dr. J. W. Beall, was in an adjoining room when the slayer stepped in the door and began firing with a large revolver. He first shot Mr. Cox, who staggered toward a door, and was then shot in the back before he fell.

Dr. J. W. Beall sprang to his feet as the shooting began and the assassin then shot him down. Mr. Davis fell over on the floor and escaped. In all five shots were fired and after emptying the revolver the slayer snapped it at the elder Dr. Beall. Brannon was arrested on the street by City Marshall Barham shortly after the shooting.

D. R. Cox served four terms as mayor of this city and two terms as prosecuting attorney of Dunklin county. His property interests were large and he was well known all over this section of the state. He began the local option movement in this section and was a very prominent figure in the fight against liquor, having made speeches in every local option campaign in the state. He had waged an uncompromising battle against Brannon's place. Mr. Cox was about 50 years of age and leaves a large family.

Dr. J. W. Beall, the second victim, was a physician of reputation and a citizen of high standing. He was division surgeon for the Cotton Belt railroad and an officer in the Masonic grand lodge of Missouri. He was about 30 years of age and married. He was an ardent temperance and local option advocate and was a close friend of Attorney Cox. Their two offices adjoined and their evenings were frequently spent together.

## Big Masonic Meeting

The conclave of Knights Templar of Missouri will be held at Sedalia on May 28 and 29. About 4000 of these prominent Masons are expected to attend this meeting and Saline will no doubt furnish her quota.

"Ye've called me names, an' ye've called me names," said a little newsboy on the street to his tormentor, "but I ain't got no time to 'tend to ye 'cause I've got my business to look after. If I ever git a vacation so I've nothin' more 'important on hand, I'll lick ye." The bystanders laughed but the small boy had proclaimed a great truth—busy people have no time to quarrel. Work is a great preserver of the peace, and those who are intent on some useful task have no time to waste in broils and bickerings.—Forward.

"You used to say," suggested her dearest friend, "that he was one in a thousand."

"I still think so," answered the girl whose engagement had been broken, "but I have discovered that he is not the only one in a thousand."
